

LEVINA ZHANG

UX/Product/Visual Designer

Education

Savannah College of Art and Design (SCAD)
Atlanta, Georgia
Master of Arts
Graphic Design Visual Experience
2020

Guilin University of Technology
Guilin, China
Bachelor of Arts
Environmental Design
2014

Experience

Sedireco Tech of AI Inc.
UX Designer
2017

I led the redesign of the facial recognition and monitoring platforms through early ideation, wireframe and prototyping phases, and visual design spec handoff to development.

Coohom
UX Designer
2014–2017

I worked to improve the usability of the platform through extensive user testing, heuristic evaluation, analytical data review, and applied research. I worked closely with Product Managers and Software Engineers to design and implement various product features and enhancements.
